

Make a Love Monster Mask!

You can make your own Love Monster mask! Take this page and colour it in any way you like. You can make it look just like Love Monster, or add your own colours - after all it's good to be different!

Once the mask is all coloured in - ask a grown up to cut out the mask and eyes, attach ribbon, or tape a straw to the back and use it like a masquerade mask. Now have some Love Monster fun!
