The Smoby role play kitchens are a great way for kids to learn about food. Kids love pretend playing at making delicious meals, so why not let them help you in real life? This delicious pizza recipe is a great place to start for little cooks!

- Pitta breads, wraps, or bagels
- Tin of chopped tomatoes
- Salt and pepper
- Dried herbs (e.g. oregano, basil)
- Grated mozzarella

- Pre-cook the toppings that require it (e.g. raw chicken).
- Chop-up ingredients that will be used as pizza toppings.
- Place the sauce, cheese and toppings into separate bowls.
- Pre-heat the oven to 180°C.
- Time for the kids to make their pizzas!
- Give them each a halved bagel/tortilla wrap/pitta bread on a plate.
- First, they will need to spread some tomato sauce onto their base.
- Then, they can add their favourite toppings. Making shapes such as pizza faces can be lots of fun!
- The last step will be to add some cheese!
- Once the kids are finished, place the pizzas in the oven!
- Cook until the cheese is bubbling and starting to turn golden!
