Creating your window art:

Did you know that Little Brian Paint Sticks can be used to create beautiful window art? So why not spread some cheer to passers-by this spring with some jolly window displays!

This window art activity will not only bring some positivity into your home, it'll also help to brighten someone else's day! Let's put a smile on everyone's face and get painting!

1. The first step will be deciding what to paint. We LOVE the idea of some happy springtime designs – we're thinking flowers, chicks, lambs – and lots of smiley sunshines!
2. Then, it's time for the family to get painting!
3. Once the masterpiece is complete, don't forget to share your child's fabulous artwork on social media and tag us @littlebrianpaintsticks on Instagram, or @littlebrianart on Facebook and Twitter.
