Method

- 1) Measure your drinks into the correct quantities of 1 cup (250ml) each
- 2) Place them in the moulds provided and add into the freezer for approx. 1hr
- 3) Once frozen, remove from the freezer and one colour at a time, add to the Ice Crunchy Maker
- 4) Once you have crunched each colour, arrange in your clear cups provided in stripes - we're looking for a rainbow effect
- 5) Once all added, add in the little umbrella and cocktail accessories included and enjoy!
- 6) If you have any spare, you can always add to your sun lolly moulds and create your own ice lollies!
